

Holiday Homework

Grade 8

English

Read the sentences from the passage and answer the questions that follow in 100-150 words. Research the internet for gathering additional data.

“In 2003, MySpace took the internet by storm with its focus on music and pop culture. It became very popular with young users and gave an inspiration to others to create more developed social networking websites”.

1. What was the status of social media before MySpace was launched?
2. Why did MySpace become popular soon after it was launched?
3. Name two popular social networking websites that were launched after MySpace. How did they score over it?
4. Describe in your own words the impact of social media networks on society.

Math

Graph it out.

Hint : Prepare a model of a pie chart and a bar graph on the data of IPL cricket teams taking into account, the number of matches each team won.

Science

Mention the merits and demerits of plastic and differentiate them into biodegradable and non-biodegradable.

Learning outcome – To create awareness among students about the effects of various human activities on environment and suggest remedial measures.

Happy Holidays
